Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

On April 10, 2006, Applicants' representative conducted a telephonic interview with the Examiner. The Examiner explained that the PTO was missing page 5 of the Amendment dated August 18, 2005, which contained amendments to the specification. He requested that the page be faxed to the PTO, so that the amendments would be included in the printed patent, which Applicant's representative did the same day. The amendments to the specification will be added by Examiner's Amendment. No claims were discussed.

Dated: May 10, 2006

Respectfully submitted,
